リアルタイムPCR関連製品

| NO. | 製品名                                                                             | 製品番号      | テスト数 | Type       | 対応機種                                                                                                                       | 希望販売価格<br>(税別) | テクノロジー                 |
|-----|---------------------------------------------------------------------------------|-----------|------|------------|----------------------------------------------------------------------------------------------------------------------------|----------------|------------------------|
| 1   | AmoyDx <i>EGFR</i> 29 Mutations Detection Kit                                   | 8.01.0049 | 10   | Pre-loaded | ABI 7300,ABI 7500, ABI 7900HT,Stratagene Mx3000P™                                                                          | ¥142,300       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0050 | 10   | Pre-loaded | LightCycler480 II,cobas® z480, Bio-Rad CFX96                                                                               |                |                        |
|     |                                                                                 | 8.01.0052 | 24   | Bulk       | LightCycler480 II, cobas® z480, ABI 7300, ABI 7500, ABI 7900HT, ABI StepOnePlus, Bio-Rad CFX96, Stratagene Mx3000P™        | ¥341,500       |                        |
|     |                                                                                 | 8.01.0053 | 24   | Bulk       | Rotor-Gene Q/6000 (72 wells)                                                                                               |                |                        |
| 2   | Super-ARMS <i>EGFR</i> Mutation Detection Kit                                   | 8.01.0056 | 12   | Bulk       | LightCycler480 II, cobas® z480, ABI 7500, Stratagene Mx3000P™,                                                             | ¥204,900       | PCR_Super-ARMS         |
|     |                                                                                 | 8.01.0107 | 12   | Bulk       | Rotor-Gene Q (36 wells)                                                                                                    |                |                        |
| 3   | AmoyDx <i>ALK</i> Gene Fusions and <i>ROS1</i> Gene Fusions Detection Kit       | 8.01.0064 | 8    | Pre-loaded | ABI 7500, Stratagene Mx3000P™                                                                                              | ¥227,700       | PCR_RT-qPCR            |
| 4   | AmoyDx <i>KRAS</i> Mutation Detection Kit                                       | 8.01.0045 | 6    | Pre-loaded | ABI 7500, Stratagene Mx3000P™                                                                                              | ¥68,300        | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0046 | 6    | Pre-loaded | LightCycler480 II, cobas® z480                                                                                             |                |                        |
|     |                                                                                 | 8.01.0048 | 24   | Bulk       | LightCycler480 II, ABI 7500, Bio-Rad CFX96, Stratagene Mx3000P™                                                            | ¥273,200       |                        |
| 5   | AmoyDx <i>NRAS</i> Mutation Detection Kit                                       | 8.01.0070 | 24   | Bulk       | LightCycler480 II, ABI 7500, Bio-Rad CFX96, Stratagene Mx3000P™                                                            | ¥273,200       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0067 | 8    | Pre-loaded | ABI 7500, Stratagene Mx3000P™                                                                                              | ¥91,100        |                        |
| 6   | AmoyDx <i>BRAF</i> V600 Mutations Detection Kit                                 | 8.01.0054 | 24   | Bulk       | LightCycler480 II, ABI 7500, ABI 7900HT, ABI StepOnePlus, Bio-Rad CFX96, Stratagene Mx3000P™                               | ¥204,900       | PCR_ADx-ARMS           |
| 7   | AmoyDx <i>KRAS/NRAS</i> Mutations Detection Kit                                 | 8.01.0071 | 6    | Pre-loaded | ABI 7500, Stratagene Mx3000P™                                                                                              | ¥106,700       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0074 | 24   | Bulk       | LightCycler480 II, ABI 7500, Bio-Rad CFX96, Stratagene Mx3000P™                                                            | ¥426,900       |                        |
| 8   | AmoyDx <i>KRAS/NRAS/BRAF</i> Mutations Detection Kit                            | 8.01.0075 | 6    | Pre-loaded | ABI 7500, Stratagene Mx3000P™                                                                                              | ¥136,600       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0076 | 6    | Pre-loaded | LightCycler480 II                                                                                                          |                |                        |
| 9   | AmoyDx <i>EML4-ALK</i> Fusion Gene Detection Kit                                | 8.01.0090 | 24   | Bulk       | LightCycler480 II, ABI 7500, Bio-Rad CFX96, Rotor-Gene Q/6000 (72 wells), Stratagene Mx3000P™                              | ¥375,700       | PCR_RT-qPCR            |
| 10  | AmoyDx <i>EGFR/ALK/ROS1</i> Mutations Detection Kit                             | 8.01.0079 | 8    | Pre-loaded | Stratagene Mx3000P™                                                                                                        | ¥284,600       | PCR_ADx-ARMS & RT-qPCR |
|     |                                                                                 | 8.01.0082 | 8    | Pre-loaded | ABI 7500                                                                                                                   |                |                        |
| 11  | AmoyDx Multi-Gene Mutations Detection Kit                                       | 8.01.0083 | 6    | Pre-loaded | Stratagene Mx3000P™                                                                                                        | ¥298,800       | PCR_ADx-ARMS & RT-qPCR |
|     |                                                                                 | 8.01.0084 | 6    | Pre-loaded | LightCycler480 II, cobas® z480                                                                                             |                |                        |
|     |                                                                                 | 8.01.0086 | 6    | Pre-loaded | ABI 7500                                                                                                                   |                |                        |
| 12  | AmoyDx <i>MET</i> Mutation Detection Kit                                        | 8.01.0123 | 24   | Bulk       | LightCycler480 II, ABI7500, Rotor-Gene Q (72 wells), Stratagene Mx3000P™,                                                  | ¥375,700       | PCR_RT-qPCR            |
| 13  | AmoyDx <i>HER2</i> Mutation Detection Kit                                       | 8.01.0232 | 24   | Bulk       | LightCycler480 II, ABI 7500, ABI 7900HT, ABI StepOnePlus, Bio-Rad CFX96, Rotor-Gene Q/6000 (72 wells), Stratagene Mx3000P™ | ¥341,500       | PCR_ADx-ARMS           |
| 14  | AmoyDx <i>NTRK</i> Gene Fusions Detection Kit                                   | 8.01.0212 | 24   | Bulk       | QuantStudio 5, LightCycler480 II, ABI7500, Stratagene Mx3000P™                                                             | ¥495,200       | PCR_RT-qPCR            |
| 15  | AmoyDx <i>BRAF</i> Mutation Detection Kit (V2)                                  | 8.01.0155 | 24   | Bulk       | Stratagene Mx3000P™, Rotor-Gene Q (72 wells)                                                                               | ¥204,900       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0104 | 24   | Bulk       | LightCycler480                                                                                                             |                |                        |
|     |                                                                                 | 8.01.0105 | 24   | Bulk       | Bio-Rad CFX96                                                                                                              |                |                        |
| 16  | AmoyDx <i>PIK3CA</i> Five Mutations Detection Kit                               | 8.01.0057 | 24   | Bulk       | LightCycler480 II, ABI7500, Bio-Rad CFX96, Stratagene Mx3000P™                                                             | ¥273,200       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0058 | 12   | Bulk       | Rotor-Gene Q/6000 (72 wells)                                                                                               | ¥136,600       |                        |
| 17  | AmoyDx <i>PIK3CA</i> Mutation Detection Kit                                     | 8.01.0227 | 24   | Bulk       | LightCycler480 II, ABI7500, Bio-Rad CFX96, Stratagene Mx3000P™                                                             | ¥307,400       | PCR_ADx-ARMS           |
| 18  | AmoyDx <i>RET</i> Gene Fusions Detection Kit                                    | 8.01.0063 | 12   | Bulk       | LightCycler480 II, ABI7500, Bio-Rad CFX96, Stratagene Mx3000P™, Rotor-Gene Q (72 wells)                                    | ¥187,800       | PCR_RT-qPCR            |
| 19  | AmoyDx <i>JAK2</i> Mutation Detection Kit                                       | 8.01.0089 | 24   | Bulk       | LightCycler480 II, ABI 7500, ABI 7900HT, ABI StepOnePlus,Bio-Rad CFX96, Stratagene Mx3000P™                                | ¥204,900       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0267 | 24   | Bulk       | Rotor-Gene Q/6000 (72 wells)                                                                                               |                |                        |
| 20  | AmoyDx <i>TERT/HRAS</i> Mutations Detection Kit                                 | 8.01.0087 | 24   | Bulk       | LightCycler480 II, ABI7500                                                                                                 | ¥341,500       | PCR_ADx-ARMS           |
|     |                                                                                 | 8.01.0088 | 24   | Bulk       | Stratagene Mx3000P™                                                                                                        |                |                        |
| 21  | AmoyDx Super-ARMS ESR1 PCR Kit                                                  | 8.01.0306 | 14   | Pre-loaded | QuantStudio 5                                                                                                              | ¥576,200       | PCR_Super-ARMS         |
| 22  | AmoyDx Human Papillomavirus (HPV) Genotyping Detection Kit                      | 8.01.0093 | 48   | Bulk       | LightCycler480, ABI 7500, Rotor-Gene Q (72 wells), Stratagene Mx3000P™                                                     | ¥143,400       | PCR_ADx-ARMS           |
| 23  | AmoyDx Novel Coronavirus (2019-nCoV) Detection Kit                              | 8.01.0266 | 96   | Bulk       | LightCycler480 II, ABI 7500, Stratagene Mx3000P™                                                                           | ¥124,200       | PCR_RT-qPCR            |
| 24  | Super-ARMS <i>EGFR</i> Mutation Detection Reagent (V2) (for color compensation) | 8.01.0249 | 12   | Bulk       | LightCycler480 II, cobas® z480                                                                                             | お問合せ下さい        | PCR                    |

## AmoyDx研究用試薬価格表

### 核酸抽出関連製品

| NO. | 製品名                                         | 製品番号      | テスト数 | Type | 希望販売価格<br>(税別) | テクノロジー          |
|-----|---------------------------------------------|-----------|------|------|----------------|-----------------|
| 1   | AmoyDx FFPE DNA Kit                         | 8.02.0005 | 36   | Bulk | ¥28,700        | Extraction kit  |
| 2   | AmoyDx FFPE RNA Kit                         | 8.02.0007 | 36   | Bulk | ¥43,000        | Extraction kit  |
| 3   | AmoyDx FFPE DNA/RNA Kit                     | 8.02.0006 | 36   | Bulk | ¥64,500        | Extraction kit  |
| 4   | AmoyDx Magnetic FFPE DNA Extraction Kit     | 8.02.0097 | 36   | Bulk | ¥27,900        | Extraction kit  |
| 5   | AmoyDx Blood/Bone Marrow DNA Kit            | 8.02.0008 | 36   | Bulk | ¥28,700        | Extraction kit  |
| 6   | AmoyDx Circulating DNA Kit                  | 8.02.0012 | 24   | Bulk | ¥52,600        | Extraction kit  |
| 7   | AmoyDx Tissue DNA Kit                       | 8.02.0009 | 36   | Bulk | ¥28,700        | Extraction kit  |
| 8   | AmoyDx Tissue RNA Kit                       | 8.02.0010 | 36   | Bulk | ¥35,900        | Extraction kit  |
| 9   | AmoyDx Virus/Cell RNA Kit                   | 8.02.0037 | 36   | Bulk | ¥35,900        | Extraction kit  |
| 10  | AmoyDx Cell-free DNA Protection Vacuum Tube | 8.02.0033 | 10   |      | ¥17,900        | Collection Tube |
